1. Applicants' papers filed on 3/28/2005 have been received and entered. Claims 1, 21, 22, 42, 62, and 63 have been amended. Claims 1-63 are pending in the application.
2. Applicants' remarks have been considered.
3. Drawings submitted on 3/28/2005 have been received and entered.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance:

Claims 1-63 are allowable over the prior art of record because the prior art does not teach or suggest the claimed combination as recited, particularly in combination of measuring a second distance between said first mark and said second mark of each of sets of gage marks, and calculating the difference between the first distance and the second distance to determine the amount of elastic residual strain in the material. It is these limitations as they are claimed in combination with other limitations in the claims, to make the claims over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
